Vision

To enter into global economy accepting the challenges of barriers free trade as a dynamic force.

Mission

- To turnaround performance of the company into sustainable growth for the benefit of its stakeholders.
- To stand the test of expectations of our valued customers redefining excellence with craft, creativity, professionalism and quality control.
- To strive hard for boosting exports of the country to earn more foreign exchange to rebuild the economy.

History

J.K Spinning Mills Ltd; has an enviable business history of over five decades. From the modest start in 1958 with formation of J.K. Brothers - a leading export house of textile products to Iran, Far East, West and East Africa, North America, Latin America and Europe. The Group established its first spinning unit comprising 14,400 spindles in 1987. The small unit today has spinning capacity of around about 96,936 spindles and stitching daily capacity of 100,000 meters.

Future Plans

The Company is going to add a state of art spinning machinery of 23,688 spindles and a weaving unit in next financial year. To meet the Power Demand we are planning to add two Gas Generators and one Steam Turbine. Beside this the Management of J.K Group is planning to diversify its business into power sector by setting up a solar power project.

Our Core Values

Underlying everything we do and everything we believe in is a set of core values. These guide us to deal with every aspect of any issue we might encounter in our personal and professional lives. These values help us grow inside and outside, personally and as an organization

SMART GOVERNANCE

We are committed to running our business successfully and efficiently, providing long term benefits to our employees and shareholders, and enriching the lives of those whom we serve by fulfilling our corporate responsibility to the best of our ability. We expect excellence from all processes, whether they relate to policy formation and accounting procedures or product development and customer service.

WORK ENVIRONMENT

Our policies and core values are aimed towards creating an informal yet stimulating team-oriented work environment with a culture of sharing and open communication. We appreciate the diversity of viewpoint of every individual; we realize this encourages innovation and develops character.

All employees have the right to a stress- and injury-free work environment. We ensure our employee safety and health by providing various in-house facilities. Our staff understands and upholds our safety policy. All our employees are permitted and encouraged to afford time and attention to personal concerns.

OUR PEOPLE

The success of any organization is largely dependent on the people working for it. Each member of our team is considered equally important and provided constant training, motivation and guidance. We possess a dedicated staff of the highest caliber dedicated to making our business a success.

We ensure that every employee has the opportunity for maximum professional development. To achieve this goal, we seek to provide challenging work prospects

for all employees. Each person is compensated and rewarded for his or her performance and hard work on a strict merit basis.

CONSERVATION

We expect and encourage our employees to actively participate in community service and to take care of the environment entrusted to us as citizens sharing the earth's resources.

CUSTOMER SATISFACTION

We are customer-driven; we go the extra mile to make sure our clients' expectations are met and exceeded on every issue. We partner with leading companies to arm ourselves with the latest technology and provide customers with innovative solutions in the most cost-effective manner available.

ETHICAL BEHAVIOR

We make it clear that being a sincere, honest and decent human being takes precedence over everything else. In the Packages family, there is an all-round respect for elders, tolerance for equals and affection for youngsters. Managers are expected to lead from the front, train junior colleagues through delegation, resolve conflicts speedily, be visible at all times and act as role models for others.

We make sure that all our processes and methods conform to the highest ideals of professional behavior. Our organizational structure is straight-forward and need-based; accountability is transparent, consistent and both horizontal and vertical.
